

Compass Child Protection

Compassion. Compliance. Complete.

Protect Your Children. Protect Your Organization.

- ✓ Protect children in your care from abuse
- ✓ Mitigate risks of liability and financial exposure
- ✓ Achieve full compliance
- ✓ Prepare and protect your organization

How can you protect your organization and children?

Odds are your organization is run by caring and compassionate people. But what happens when the unsavory threatens the safety of our children? And, what happens when that unsavory element is hidden, lurking out of plain sight?

Navigating the dark world of child abuse and sexual predators can be an isolating and confusing journey. A single case of child abuse can shatter lives and threaten your organization's future.

Enter Compass Child Protection.

With Compass, you're not alone. We're here to guide you, from background checks to child protection training to compliance tracking.

Compass is with you every step of the way...*because best practices start with compassion.*

Achieve Compliance. Stay Safe.

With Compass, you'll make sure your organization is taking the necessary steps to protect children, their families and your organization.

Empower your employees to keep children safe from child predators thanks to background screening and online safety training courses.

Protect your organization from damaging lawsuits through documented compliance with the highest level of safety compliance practices.

Uphold your brand with a personalized website portal specifically tailored to your organization.

Get help when you need it: Enjoy phone and live chat tech support: Help is only one call away.

Compass makes compliance easier. Because vulnerability isn't an option.
